

WORLD GEOGRAPHY...SEMESTER PORTFOLIO

At the conclusion of study this semester, a **MANDATORY** collection of student work will be resubmitted, with **THIS PAPER AS A COVER SHEET**. A suggested study and organizational technique is that at the conclusion of every unit, students staple all required unit work to the unit standards, resulting in a final exam study guide, as well as a complete portfolio entry. Though reassessed on the final exam, unit maps will **NOT** be part of this portfolio. However, it is suggested that students save course maps as a reference for future social science classes. United Nations' Regional Briefs, for each unit of study, will be kept on file in the classroom—available for review and study, upon request. Below is a list of probable portfolio elements, but new and/or alternate activities may be added, as appropriate, **SO PLEASE DON'T THROW ANYTHING AWAY...**

Note: If an assignment was a collaborative effort and is with another student, please indicate, on this coversheet, (to the left of the assignment title), who will be resubmitting the work...
